

Custom Sample Holders

Custom Design and Fabrication:

Zybek Advanced Products is experienced in custom design and fabrication of sample holders:

- Tell us your problem and we can try to help you find a solution.
- Or give us a CAD model and we can make sample holders to your specifications.
- Or lend us an existing sample holder and we can replicate or modify it for you.

Wide Range of Sample Holders or Custom Fixtures:

- SEM (Scanning Electron Microscope)
- LIBS (Laser Induced Breakdown Spectroscopy)
- X-Ray Sample Holders
 - Side pack powder, clay slide prep, zero background prep, well Al. disk, top loading, back loading, etc.
 - Holders for PANalytical, Rigaku, Angstrom, or almost any other type of machine.
- Custom Fixtures for setups, tools, sample holders, etc.
- Much more...

Replication:

- Are you paying too much for your present sample holders? Let us know and we'll see if we can make the same type of holders for you for less.

Material and Turnaround Time:

- Virtually ANY material -Steel, Aluminum, Delrin, ABS, Brass, Molybdenum, Titanium, etc
- 7-10 day turnaround time – next-day also available at additional cost
- Call or email for a free quote!
